

THAT SUCKS!!

This is an advertisement. Sorry about that,
My friend told me to do this,
and his internet IQ, makes me look silly.

IN A GOOD WAY!!

Today was my highest day of traffic on the blog again,
so to meet the challenge, I'm adding some more, right now,
of what motivates, inspires, activates, strengthens, encourages,
keeps, builds, and maintains the passionate flow of art
for me, and now....for you.

SEIZE THE DAY!!

Right now, does that for me. Right now is naughty, it's something kids,
elders, and dogs, know by heart, have embedded, in they're thoughts,
surprise, memories, wonderment, curiosity, and anticipations satisfied.
this is my focus on art. I am an addict for the feeling of, make
do can do, anything is possible, imagine it, and make it
singing, so.... art!!?!?!!!
